**Subject: Proposition 1E Stormwater Flood Management Grant Application, AB
1420 Compliance Information**

To Whom It May Concern,

Contra Costa Water District (CCWD) is submitting a Proposition 1E Stormwater Flood Management Grant proposal. As an urban water supplier that would receive funding from a grant award, CCWD is required to submit self certification of compliance with California Water Code §525 et seq. and AB 1420. CCWD submitted self-certification information on May 28, 2010, which was approved by the Department of Water Resources (DWR) (refer to the attached letter, dated June 10, 2010, confirming such approval). In an email received on March 8, 2011, Baryohay Davidoff, Water Use Efficiency Section Chief of DWR, stated that it would be acceptable for CCWD to provide a letter certifying no changes in status have occurred since the May 10, 2010 submittal, and that CCWD is on schedule as provided in the previous approval, in lieu of completing additional self-certification tables which would require further review by DWR.

The purpose of this letter is to certify that no changes have occurred in CCWD's status since the May 28, 2010 self-certification tables were submitted, and CCWD is still on schedule as provided in the previous approval.

Please contact Ms. Marie Valmores at (925) 688-8132 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jerry Brown", is written over a horizontal line.

June 10, 2010

Mr. Jerry Brown
Interim General Manager
Contra Costa Water District
2411 Bisso Lane
Post Office Box H2O
Concord, California 94524

Dear Mr. Brown:

The Department of Water Resources (DWR) has reviewed the Contra Costa Water District (CCWD) Self-Certification Statement – Table 1 submitted on May 28, 2010, regarding implementation of the Urban Best Management Practices (BMPs).

The purpose of DWR's review is to determine eligibility of CCWD to receive water management grant or loan funds. DWR has followed the *Draft AB 1420 Compliance Requirements* dated June 1, 2009. For detailed information, please visit <http://www.water.ca.gov/wateruseefficiency/finance/>.

Based on DWR's review of the information in Table 1, CCWD has and is currently implementing the BMPs consistent with AB 1420 and, therefore, is eligible to receive water management grant or loan funds.

DWR reserves the right to request additional information and documentation, including reports from CCWD to substantiate the accuracy of the information provided in Table 1. DWR may reverse or modify its eligibility determination and notify you and the funding agency if inaccuracies are found in the supporting documentation or in Table 1.

If you have any questions, please contact me at (916) 651-9666 or Jodi Evans at (916) 651-7026.

Sincerely, <

A handwritten signature in dark ink, appearing to read "B. Davidoff".

Subject: RE: AB 1420 compliance

Good Morning,

Contra Costa WD can simply send a letter, with their application for grant, indicating no change in their status, if that is the case, and that they are on -schedule as provided in the previous approval. If there are significant changes that they want us to know, then they need to send updated AB1420 tables and we will process the new application expeditiously. Thank you.

Subject: AB 1420 compliance

Hello Debbie,

Contra Costa Water District is planning to submit an application for Prop 1E funding. They have submitted AB 1420 self-certification documents previously, and received the attached letter, dated June 10, 2010, from the Department of Water Resources stating that they are in compliance. Do they still need to fill out and submit the self-certification tables, or can they simply attach this letter to their proposal?

Thank you!

Alyson

Contra Costa Canal Levee Elimination and Flood Protection Project

Contra Costa Water District Form

California State Water Resources Control Board
California Department of Water Resources
California Department of Public Health

**CERTIFICATION FOR
COMPLIANCE WITH WATER METERING REQUIREMENTS
FOR FUNDING APPLICATIONS**

Funding Agency name: Department of Water Resources
Funding Program name: Proposition 1E Stormwater Flood Management
Applicant (Agency name): Contra Costa Water District
Project Title (as shown on application form): Contra Costa Canal Levee
Elimination and Flood Protection Project

Please check one of the boxes below and sign and date this form.

☐ As the authorized representative for the applicant agency, I certify under penalty of perjury under the laws of the State of California, that the agency is not an urban water supplier, as that term is understood pursuant to the provisions of section 529.5 of the Water Code.

☒ As the authorized representative for the applicant agency, I certify under penalty of perjury under the laws of the State of California, that the applicant agency has fully complied with the provisions of Division 1, Chapter 8, Article 3.5 of the California Water Code (sections 525 through 529.7 inclusive) and that ordinances, rules, or regulations have been duly adopted and are in effect as of this date.

I understand that the Funding Agency will rely on this signed certification in order to approve funding and that false and/or inaccurate representations in this Certification Statement may result in loss of all funds awarded to the applicant for its project. Additionally, for the aforementioned reasons, the Funding Agency may withhold disbursement of project funds, and/or pursue any other applicable legal remedy.
